

Dear Hilde and Klaus Schwab.

← **Role model: JUST DO IT.** Give back ALL robbery billions - especially to Africa. Let yourselves be chipped and periodically genetically injected. Rent a tiny house with the only valid e-money you monthly get.

According to the Chinese model, there will be penalties if you sin. We can check online anytime how **happy** you are (WEF recipe: total surveillance) ... Your WEF has been trying to improve the state of the world for over 50 years: How come you never criticized NATO- and WHO-wars, despite extreme damages to mother earth and humans? The Davos newspaper confronted you in 2020 with the *50-year WEF-balance sheet (reverse side)*: No answer from your side.

Now you want to push through the GREAT RE\$ET by means of "creative destruction": Stop violence! Therefore **FAIR RESET**: You convince the wealth-extremists with your "**you-own-nothing**" role model.

**6 philanthropists – among others Musk, Bezos, Gates, Buffet\* – eliminate all debts of Africa (1.4 billion people):** SDG goals **1** and **2** (Agenda 2030) are met in no time. The monetary-system is redesigned in such a way that war\$ are no longer necessary (no compulsion to growth). NATO, WHO, WEF, IMF etc. are finally abolished.

With peace work (instead of war busin\$\$ as up to now), people can become **comprehensively rich**. All life benefits from it - yes, also yours. **JUST DO IT.**

\* **Event 201**-implementation has doubled its billions during two C19 years! As a result, **hunger** has increased exponentially (ma\$\$ murder!!!) !

**Jean Ziegler: Who dies of hunger is murdered**

## Open letter: 50-year attempt to make the world a better place

Dear Hilde Schwab, dear Klaus Schwab. (January 2020)

For 50 years you have annually invited the most money-rich people to improve the state of the world. Since money rules the world, your concept is understandable. So let's take stock: Since the WEF became engaged...

- the footprint of humankind has almost doubled to approximately 2 earths with increasing tendency!!
- billions of people have been starved/murdered (Pope Francis: This economy kills).
- the gap between extremely poor and extremely rich is wider than ever before (8 men have more than 4'000'000'000 people - Oxfam)
- the states have debts as never before (extreme blackmail possibilities by private big multinationals. 2008 big banks were saved undemocratically /dictatorially/communistically. Problems unsolved)
- spending on weapons of mass destruction has increased dramatically
- the US warmongers alone have murdered far more than 10 million people in illegal "humanitarian interventions"
- war criminals and war profiteers were/are always welcomed at the WEF
- millions of km<sup>2</sup> of forest (our lungs) have been lost
- the number of vertebrates has halved (WWF)
- the drinking water supply became more and more scarce
- the radioactive contamination is out of control
- the earth has become extremely poisoned (pesticides, industrial poisons, military poisons)
- the cancer rate has doubled (\$uperBusiness)
- the food reserve for the world population has shrunk to 3 months (as little as never before)
- the WEF has raked in over 300 million CHF of wealth (which is missing to 'improve' the condition of the starving)

Measured against its own world improvement goal, the WEF has in fact been bankrupt since decades. fairCH recommends: Stop this WEF-exercise, otherwise the extreme damage and immeasurable suffering will continue to increase. With peaceful greetings - open for dialogue. Alec Gagneux, fairCH.com

The "Davos newspaper" asked Schwab's in 2020 for feedback.

No answer - until today
